

## Elementary Collaboration with Peers

- Write Now, Right Now (writing curriculum and Impact Team trainings)
- SONDAY phonics program (initial training and ongoing conversations)
- Read Live fluency and comprehension computer program- used for Rti intervention with adjustments made on growth
- DIBELS – diagnostic reading test administered Beginning, middle and end of year, progress monitoring done monthly to determine a need for further interventions
- Bal-a-Vis-x (Balance-Auditory-Visual-Exercise with bean bags to work on left brain/right brain, tracking, movement, rhythm)
- RTI - (Response to intervention) conversations with peers about strategies, interventions, etc to try with various students
